

Dear colleagues!

The International Federation of Surveyors (FIG) and Siberian State Academy of Geodesy (SSGA) are pleased to invite you to participate in the International seminar on **“INTEGRATING LAND MANAGEMENT, CADASTRE AND GEODESY IN THE CIS COUNTRIES”**, which is organized for the first time in Russia and within the Fifth International Exhibition and Scientific Congress “GEO-Siberia - 2009”. It will be held on **April 20, 2009** in Novosibirsk at the ITE “Siberian Fair”.

ORGANIZERS:

- **International Federation of Surveyors (FIG)**
- **Siberian State Academy of Geodesy (SSGA)**
- **Federal Agency of Geodesy and Cartography (Roskartographia)**
- **Federal Real Estate Cadastre Agency (Rosnedvizhimost)**

The leaders and representatives from surveying and cadastral services and agencies as well as the institutions and surveying professionals from the former Soviet republics and the Russian Federation are invited to attend the Seminar. During the seminar key issues on integration of geodesy, cadastre and land management, future co-operation and relations leading towards FIG membership for the countries within this central Asia region and the Russian Federation will be discussed. There will be a round-table discussion on the mentioned problems and the role of FIG, as well as the formation of real property cadastre as a basis for the economics of the country.
