

BIOGRAPHICAL NOTES

Danilo R. Antonio

Programme Management Officer at Land and Global Land Tool Network Unit, UN-Habitat

He is the over-all lead and coordinator of the key country operations and tools development of the Global Land Tool Network (GLTN) Programme. For more than 10 years, he has worked with UN-Habitat on various global, regional and country interventions including on supervising specific projects, land tools development (e.g. STDM, participatory enumerations, land use planning, valuation of unregistered lands, etc.), network coordination, capacity development, knowledge and awareness building. He is a land surveyor by training and completed a Master's Programme on Land Tenure and Land Management at the Technical University of Munich, Germany with "High Distinction". Prior to joining UN-Habitat, he held senior positions with the Government of the Philippines in large-scale land governance programmes.
