

Land Administration 2020: A Global Perspective

Dr. Keith Bell, World Bank

BIOGRAPHICAL NOTES

Dr. **Keith Clifford Bell**, an Australian national, joined the World Bank in 2003. He works globally leading and advising on programs for land, national spatial data infrastructure, resilience and disaster response. He led the Bank's land-related programs in the East Asia Pacific Region until 2017. He is a Chartered Professional Engineer (Civil Engineering) and a Licensed Surveyor. He has worked in more than 35 countries, conflict and fragile states. Prior to the World Bank he spent 20 years in the Australian public sector. He is a co-author of the flagship "Fit-for-Purpose Land Administration" (2013) published by the International Federation of Surveyors and the World Bank.
