Engagement Committee:

It is our pleasure to strongly endorse Winnie Shiu for Vice President of the International Federation of Surveyors (FIG).

I am Timothy Burch, PLS, the Executive Director of the National Society of Professional Surveyors (NSPS) and Commission 1 Chair-elect. I have personally been working with Winnie for several years through Commission 1 and have been inspired by her work ethic and dedication to the profession. Her devotion to promotion of the geospatial profession provides encouragement to myself and others.

Winnie has been committed to the surveying and geospatial profession for her entire career. Her dedication to serving in many capacities within numerous organizations and committees provides a indication of her willingness to contribute her time, knowledge, and experience to bettering the profession. Winnie continues to be a role model for women worldwide who pursue geospatial careers through her roles is effective leadership, multi-lingual capabilities, and providing educational opportunities during many forums.

I am absolutely confident that Winnie Shiu is the right person for leading FIG as a Vice President and beyond. Not only will she bring the kind of skills, experience, and leadership we are looking for in a Vice President, but she is also an asset to help FIG continue to grow as an organization. She embodies all that FIG represents for the profession and its future.

Please let us know if you have any questions.

Respectfully,

Timothy W. Burch, PLS
NSPS Executive Director
