

FIG Working Week 2025

Brisbane, Australia | 1-5 June

**COLLABORATION, INNOVATION AND RESILIENCE:
CHAMPIONING A DIGITAL GENERATION**

Planning Update

- Strong support from Australian and Queensland Governments
- Venue - Brisbane Convention and Exhibition Centre (BCEC)
- Dates are locked in - 30 May to 5 June 2025
- Strong long term relationship – Geospatial Council
- Host events every year at BCEC
- Several hotel options will be provided to suit a range of requirements and budgets – all within walking distance
- World Class social event bars and restaurants

Strong Event Experience

- Locate, our national conference attracts 700-1,000 delegates.
- Australia has a fervent Geospatial community.
- Delegate surveys indicate we are delivering this conference annually to a high standard
- Locate 23 - May in Adelaide in conjunction with the Australian Space Forum
- Connecting delegates and exhibitors from both events.

Local Organising Committee

- Local Organising Committee has been formed and has commenced monthly meetings.
- Working through conference theme and initiatives to engage with local/regional community.
- Work as yet to progress on social program
- We would like to design the plenary sessions to attract our Locate conference delegates that attracts all geospatial disciplines

Visa information so far

- Asia-Pacific Economic Cooperation (APEC) Business Travel Card (ABTC)
 - Apply once travel many times
 - 5 year card, allowing business entry for up to 90 days
- Geospatial Council is the skilled migration authorised assessment organisation for land and hydrographic surveyors
- Every effort will be made to facilitate visas with Australian Govt for FIG 2025
- Held productive meeting this week with our African Colleagues

Theme

Collaboration, Innovation & Resilience: Championing a Digital Generation

- Relevant across all commissions, networks and task forces
- Align thematically into work plans - elevate and showcase
