

# Why You Need to Modernize to Stay Relevant

**Brent Jones (USA)**

**Key words:** Cadastre; Cartography; Digital cadastre; Education; GNSS/GPS; GSDI; Land distribution; Land management; Land readjustment; Marine cadastre; Positioning; Professional practice; Property taxes; Quantity surveying; Reference frames; Reference systems; Spatial planning; Valuation

## **SUMMARY**

Significant technology developments are disrupting industries, governments and communities. Particularly combinations of technology used in ways never dreamed of when they were initially developed. These disruptions are affecting all of us – putting companies out of business, eliminating traditional workflows and causing disruption in our organizations. This presentation will discuss how modernization is key to survival.
