

Building, Developing and Managing the National Geospatial Data Infrastructure in Vietnam

Bach Giang Tran (Vietnam)

Key words: Geoinformation/GI; SDI; NSDI; Spatial Data Management

SUMMARY

Summary

The main content of the report presented outstanding results on the building, development and management of spatial data infrastructure in Vietnam. On that basis, and based on the provisions of the Law on Survey and Mapping in 2018 on the National Spatial Data Infrastructure, the report presents the Orientation for the building, development and Management of National Spatial Data Infrastructure of Vietnam.

Building, Developing and Managing the National Geospatial Data Infrastructure in Vietnam (9980)
