GARANT D'UN CADRE DE VIE DURABLE

How to define the living environment ?

- The Order of Surveyor
- The National Council of Architects
- The Order of Lawyers et the Paris Bar
- Urban Planner
- French Interprofessional Association of Ecologists

How to define the living environment ?

The living environment corresponds to the physical and human environment in which an individual or a group of individuals evolves. It is composed of the natural and built environment, deals with the issue of housing, employment, shops and services, mobility offers, leisure and also addresses more intangible aspects such as the social, economic, cultural, political environment ...

A sustainable living environment and the Surveyor

- Key players in ensuring sustainable living
- Technical and legal expertise
- Improve quality of life and ensure a sustainable future

Climate Emergency

Surveyor, major player and he contributes to the fight against the climate emergency in different ways :

- Identification of areas at risk,
